

IHM Celebrates our Multi-Cultural Heritage

Dear IHM Families,

In March we will celebrate our various ancestries by coming together for a Multi-Cultural Heritage Day on Thursday, March 25th. This is a new event proposed by Katie Dolan, an 8th Grade Student Council member. Katie has a vision for a day that involves all of our families contributing to a day of learning, music, food and fun for the students at IHM. For this day to be a great success, we need input and help from everyone.

Our hope is that you will share your ethnic craft ideas, recipes and other items with us. We will use Father Sullivan Hall in an expo format for the students to have as many cultural experiences as possible. **Anything that you can share with us is of great value.**

Maybe you have an idea for a traditional ethnic craft? If you share this idea with us, student council will arrange for the materials, etc.

Or do you have a great traditional family recipe from your grandparents? If you will share the recipe, then hopefully some other families will volunteer to make a batch so that all the kids can try a taste.

What about those pictures or videos from a trip to your ancestral village? We would love to show the children where our families are from.

Would you like to give a presentation, or demonstrate an ethnic dance or show off a traditional dress? Any of these would be great contributions to the day.

So here's what we need from you:

Let us know what you may be able to share—please send an email to egrady@ihmary.org.

If you can help cook or set up or volunteer to help with crafts, let us know via email as well. egrady@ihmary.org

We look forward to hearing from you and will update you weekly as we work on the event!
